**NISBET PLANTATION BEACH CLUB, NEVIS, AWARDED
TWO AAA FOUR-DIAMOND RATING FOR HOTEL AND DINING**

ST. JAMES PARISH, St. Kitts & Nevis (June 21, 2007) – Nisbet Plantation Beach Club, located on the unspoiled island of Nevis, has been awarded two of AAA's highly acclaimed Four-Diamond ratings—one for the hotel and one for its exceptional dining. According to AAA, Four-Diamond properties reflect an exceptional degree of hospitality, service and attention to detail, while offering upscale facilities and a variety of amenities.

To receive the AAA Four-Diamond rating, an official AAA inspector must visit the property and carry out an interview with the general manager of the establishment. Following the interview, the inspector conducts a physical evaluation of the property which covers the following eight areas: exterior and grounds, public areas, room décor and ambiance, guest room amenities, bathrooms, housekeeping, management, and guest services.

"It's a real accomplishment to see Nisbet Plantation Beach Club join the exclusive 1% who have earned the prestigious Four Diamond distinction, considering 60,000 properties are inspected. This, plus the fact that Nisbet Plantation is one of only a handful of Caribbean hotels to receive a perfect 5.0 rating from TripAdvisor.com affirms the recognizable level of luxury and service guests receive at Nisbet Plantation," said owner David Dodwell. "With more than 40 million members throughout the U.S. and Canada, AAA has a reputable name and strong presence among the traveling public," added Dodwell. "AAA's Diamond rating system offers members an exclusive listing of the best resort products around and we are proud to be included," he added.

In addition to the resort award, Nisbet Plantation's Great House Dining Room, recently upgraded with air conditioning for warm Caribbean nights, also earned its own Four Diamond distinction for its creative cuisine, excellent service, and upscale surroundings.
