**NISBET PLANTATION BEACH CLUB WINS ACCOLADES FROM GUESTS AND INDUSTRY ALIKE
AAA, TripAdvisor, Condé Nast Traveler, All Rank Nisbet among the Best Caribbean Resorts**

NEVIS, West Indies — 2007 has been a banner year for Nisbet Plantation Beach Club, and the accolades continue as Nisbet opens for the 2007-2008 season.

Consistently, independent reviewers have given Nisbet Plantation Beach Club a perfect 5.0 rating on tripadvisor.com. **TripAdvisor** ranks Nisbet #1 of all hotels on the two-island nation of St. Kitts and Nevis and within the top ten of all in the Caribbean. (See [Nisbet Plantation Beach Club tripadvisor Reviews](#)) Nisbet is so confident that guests will rave about their experiences at the property that it provides the reviews right on the resort Web site home page www.NisbetPlantation.com for Internet visitors to see for themselves.

The readers of **Condé Nast Traveler** love Nisbet Plantation Beach Club so much that Nisbet was named one of the top three Best Resorts in the Caribbean in their Readers' Choice Awards, announced just this month and featured in the November issue. Of all the thousands of resorts in the islands, Nisbet Plantation Beach Club, the only plantation inn located directly on the beach, with an intimate 36 rooms and superior hospitality, has won the hearts of sophisticated travelers worldwide.

AAA awarded Nisbet two 4-Diamond ratings in 2007 for the resort and the Great House dining room. The Great House offers exquisite dining in an elegant air-conditioned setting, one of only two on the entire island of Nevis. All of the guest accommodations' interiors were completely redesigned in 2006 and improvements continue. General Manager Glen Hurd insists, "To ensure we meet the highest standards in guest service and amenities, we continue to enhance the resort." An artificial reef has been completed along the beach to boost the environment for ocean life and swimmers. Now, Nisbet eagerly anticipates the opening of The Palms Spa, its on-site spa completely redesigned in an expanded space offering a full selection of massage and treatments, as well as signature amenities and world-renowned Epicuren's healing products. The Palms Spa is planned to open in mid-November.

"As a small Caribbean hotel, it can be a challenge to reach sophisticated travelers and convince them that Nisbet is an exceptional little jewel where they can come and totally relax," adds Mr. Hurd. "While all these awards certainly have increased our visibility, our dedicated staff always will be ready to make each and every guest feel welcomed and cherished."

The resort recently completed a multi-million dollar renovation.

About Nevis

This 36-square-mile Caribbean island lies near the top of the Lesser Antilles archipelago, about 200 miles south of Puerto Rico, and just west of Antigua. This island jewel is approximately 7 miles long and 5 miles wide, with natural vegetation that is unparalleled. Nevis is one of the remaining unspoiled places on earth. From the top of the 3,232-foot Nevis Peak created by the only shield volcano in the Caribbean, to the depths of the clear waters offshore, there is a world of flora and fauna to be explored.
