With a partner or alone, guests may choose from a full selection of massage, body treatments, facials, manicures and pedicures. Expert therapists give various treatments in a tranquil private milieu for couples, as well as a separate room for singles. An enclosed air-conditioned patio provides a pampering space for manicures and pedicures. Couples can relax after massage and sip tea or champagne on a private patio under the shushing palm trees.

Sample treatments include a ***Custom Massage*** in which highly skilled therapists work with guests to create a customized treatment, combining the techniques of Swedish, deep-tissue, acupressure, etc. The ***Nisbet Plantation Signature Massage*** focuses on pure relaxation, perfect for recent arrivals from cold climates or after a little too much sun. Gently swaying coconut palms on a private white sand beach is what one will envision with this intensely hydrating treatment. The massage begins with a full body dry brush to gently exfoliate skin, followed by a gentle relaxing massage with signature "Island Breezes" body butter and a warm coconut oil scalp massage.

"We have considered every detail in re-creating *The Palms Spa* to ensure that our guests leave their experience 'floating' in a state of supreme relaxation," says Co-General Manager and Spa Director Erin Hurd. With an extensive background of spa/fitness development and resort spa management, as well as certification in spa therapy, Hurd has applied her expertise to the project. As with everything at Nisbet Plantation Beach Club, the attention to detail is evident in the new facility and offerings. The new spa presents signature products including shampoo, conditioner, body wash and lotion, suntan oil and an after-sun hydrating treatment featuring *The Palms'* own unique scent, which will be provided for purchase and as room amenities. The Palms Spa also will be introducing Epicuren products among their offerings.

Nisbet Director of Guest Services Steve Tyson will be pleased to assist guests in advance of their stay or after arrival to make reservations for spa treatments at *The Palms Spa* or in the privacy of their cottage room. About Nisbet Plantation

Nisbet Plantation Beach Club is the Caribbean's *only* deluxe plantation inn located directly on the beach. It is also one of the Caribbean's historic sugar plantations and the ancestral home of Fanny Nisbet, the loving and ever-faithful wife of Britain's most famous naval hero — Lord Admiral Horatio Nelson.

The plantation's beautifully-restored Great House, which dates from 1778, and 36 charming cottages all with modern conveniences are set in 30 acres of lush tropical foliage. The resort recently completed a multi-million dollar renovation.

Just this month it was announced that Nisbet has been ranked by *Condé Nast Traveler's* readers in the top 3 of all Caribbean resorts.

Nisbet has two AAA 4-Diamond Awards — one for the hotel and one for the Great House dining room — one of only two air-conditioned dining venues on Nevis. If customer satisfaction is the key measure of the quality experience a guest receives, then it is important to note that Nisbet Plantation is one of the Top 10 Caribbean hotels based on reviews posted on TripAdvisor.com and one of only a handful of hotels to receive a Perfect 5.0 Rating.

About Nevis

This 36-square-mile Caribbean island lies near the top of the Lesser Antilles archipelago, about 200 miles south of Puerto Rico, and just west of Antigua. This island jewel is approximately 7 miles long and 5 miles wide, with natural vegetation that is unparalleled. Nevis is one of the remaining unspoiled places on earth. From the top of the 3,232-foot Nevis Peak created by the only shield volcano in the Caribbean, to the depths of the clear waters offshore, there is a world of flora and fauna to be explored.
